KYIV – 2021

Approved by the scientific - methodical commission of the Faculty of Sociology

Protocol from "31" 08 2021 year № 1
Chairman of the scientific-methodical commission *Chervinska T.*

1. **The purpose of the discipline** - teaching students to organize sociological support of social projects.

2. **Preliminary requirements for mastering or choosing a discipline (if any):**

1. Know basic information about social projects
2. Be able to implement sociological research
3. Be able to work with a computer

3. **Abstract of the discipline:**

The course belongs to the disciplines of free choice of students from the list (№2) within the educational program "Gender Studies" for a master's degree in specialty 054 "Sociology", field of knowledge 05 "Social and Behavioral Sciences". In the modern world, humanistic strategies are becoming quite popular. Within their limits, in particular, social projects are being implemented. A sociologist, as an expert in society, has the opportunity to provide constructive assistance for the effective implementation of such projects. The course is aimed at deepening and supplementing knowledge about social projects, developing practical skills in the application of sociological support of such projects.

4. **Tasks (learning objectives):**

The main tasks of studying the discipline are

- To acquaint with the basics of sociological support of social projects
- Learn to use different variations of sociological support of social projects
- Learn to analyze social projects
- Teach to exercise sociological control over the implementation of a social project
- To give skills in visual presentation of sociological support of social projects

This is aimed at forming competencies:

- Ability to work in a team on a joint project task (SC09)
- Ability to adhere to the norms of professional ethics of a sociologist and be guided by universal values (SC06)
- Ability to develop and evaluate social projects and programs (SC07)

5. **Learning outcomes of the discipline:**

(1. know; 2. be able; 3. communication; 4. autonomy and responsibility)		Forms (and / or methods and technologies) of teaching and learning	Assessment methods and threshold assessment criteria	Percentage in the final grade in the discipline
Code	Learning Outcome			
1.1	Know the basics of sociological support at the stage of determining the type of social project	Lecture, seminar, independent work	test, practical task	10
1.2	Be able to apply sociological support at the stage of social project development	Lecture, seminar, independent work in the form of a pilot study	test, practical task	15
2.1	Carry out social diagnostics, social forecasting and social expertise	Lecture, seminar, independent work in the form of a pilot study	open-ended test, practical tasks	15
2.2	Carry out sociological control over the project implementation	Lecture, seminar, independent work in the form of a pilot study	test, practical task	20
2.3	Be able to analyze unfinished and not	Lecture, seminar, independent work in the form	open-ended test, practical tasks	40

implemented social projects	of a pilot study		
-----------------------------	------------------	--	--

6. **Correlation of discipline results with program learning results**

Learning outcomes of the discipline (code)	1.1	1.2	2.1	2.2	2.3
Program learning outcomes (title)					
Analyze social phenomena and processes using empirical data and modern concepts and theories of sociology (PR01)	+		+		+
Fluently communicate orally and in writing in Ukrainian and one foreign language when discussing professional issues, research and innovation in the field of sociology and related sciences, including in the context of cooperation with European and Euro-Atlantic institutions (PR06)	+	+	+	+	
Summarize the results of their own research and present them in scientific reports, publications (PR11)			+	+	+

7. **Scheme of evaluation formation.**

7.1 **Forms of student assessment:**

- semester assessment:

1. Work at the seminar in the format of presentation and discussion of the relevant task: LO 1.1, LO 1.2, LO 2.1, LO 2.2, LO 2.3 - 30 points/ 40 points
2. CW (test) with topics 1, 2, 3: LO 1.1, LO 1.2, LO 2.1, LO 2.2, LO 2.3 - 6 points/ 10 points
3. Final project (optional) from: LO 2.1, LO 2.2, LO 2.3 - 24 points/ 50 points
 - preparation of a strategy for sociological support of a social project: LO 1.1, LO 1.2
 - implementation of social diagnostics of a specific project: LO 1.1, LO 2.1
 - implementation of social examination of a specific project: LO 1.1, LO 2.1
 - preparation of a strategy for sociological control over the project implementation: LO 1.1, LO 2.2
 - analysis of unfinished or not implemented social project: LO 1.1, LO 2.3

- final assessment – credit

7.2 **Organization of evaluation:**

1. Work at the seminar in the format of presentation and discussion of the relevant task on topics 1-6: LO 1.1, LO 1.2, LO 2.1, LO 2.2, LO 2.3 - 3 points/ 4 points
2. CW (test) with topics 1-6: LO 1.1, LO 1.2, LO 2.1, LO 2.2, LO 2.3 - 6 points/ 10 points
3. Final project on topics 1-6 (optional) from: LO 2.1, LO 2.2, LO 2.3 - 24 points/ 50 points
 - preparation of a strategy for sociological support of a social project: LO 1.1, LO 1.2
 - implementation of social diagnostics of a specific project: LO 1.1, LO 2.1
 - implementation of social examination of a specific project: LO 1.1, LO 2.1
 - preparation of a strategy for sociological control over the project implementation: LO 1.1, LO 2.2
 - analysis of unfinished or not implemented social project: LO 1.1, LO 2.3

7.3 **Scale of conformity of assessments**

Passed	60-100
Fail	0-59

The structure of the discipline. Thematic plan of lectures and seminars

№ п/п	Number and title of the topic	Number of hours		
		lectures	seminars	Independent work
1. Sociological support of the social project				
1	Sociological support at the stage of determining the type of social project	4	2	6
2	Sociological support at the stage of social project development	4	2	6
2. Monitoring and evaluation of social projects				
3	Social diagnostics	4	4	6
4	Social forecasting and expertise	4	4	6
3. Implementation of a social project: sociological support				
5	Sociological control over project implementation	4	4	6
6	Sociological analysis of unfinished and unimplemented social projects	4	4	6
	<i>Control work (test)</i>		2	4
7	Final complex work		4	60
	TOTAL	24	26	100

The total amount of 150 hours, including:

Lectures - 24 hours.

Seminars - 26 hours.

Independent work - 100 hours.
